

Rain Barrels are Available

Conserve Water

A rain barrel collects and stores rainwater from your rooftop to use later for things like lawn and garden watering.

Lower Water Costs

Save water during peak summer months for use outdoors instead of paying a higher water bill or using your well and electricity.

About the Barrels:

WHO: Anyone with an interest in making a rain barrel

WHERE: **Culpeper SWCD**

COST: **\$55 for 1 barrel; \$100 for 2 barrels**
(includes hardware)
